Mid-America Wireless

Joint Ribbon-cutting Scheduled

The St. James Chamber of Commerce and the Rolla Area Chamber of Commerce invite area residents to join them at a joint ribbon-cutting to be held at the newly remodeled Mid-America Wireless facility located at 206 South Bishop in Rolla on Tuesday, December 13, at 10:00 a.m.

Mid-America Wireless has been established in Rolla since 1994 as an authorized dealer for AT&T, Hughes Net, Dish Network, and Direct TV. Owned by Gary Wilbers, the Rolla location staff include: Team Leader Moriah CreelFox; and team members, Ginger Lenox, Ted Treece, and John Macormic.

The complete remodel of the facility includes new furniture and new equipment to better serve clientele. In addition, team members emphasize quality customer care as they work to serve each customer based on his/her individual need.

The company and its employees are also proud of the support they give to the community through contributions to the school and non-profit organizations in Rolla, St. James, and the surrounding area.

Mark your calendar and plan to attend the remodel celebration on December 13, at 10:00 a.m. Mid-America Wireless team members will be on hand to meet and greet, as well as answer questions and explain the new technology and services that they provide to their clientele.
